Local Testimonial

	<p>Kate has recently placed a Development Analyst into our business. She was 1 of 4 agencies that we use & although we received a large number of applicants we found that many of these candidates did not have the relevant recent experience required. Kate listened to the specifics of the role & was able to provide a candidate that matched our requirement exactly.</p>
	<p>She has a friendly demeanour & professional working attitude & I would certainly recommend her.</p>
