**Local Testimonial**

	<p>I have worked with Senior on a number of our vacancies ranging from basic technical roles up to senior team lead positions. Jamie was excellent in the way that he handled them; listening intently to the information that I gave to him and finding candidates that were suitable. He was very knowledgeable on the technical side of things and understood the culture of our business which helped him to fill roles quickly and efficiently. Nice to deal with a recruiter that wasn't too pushy and understood exactly what we needed!</p>
